Participants are invited to submit questions via the registration page or during the webinar via the chat function. A replay will be available on the AVITA Medical website, [ir.avitamedical.com](http://ir.avitamedical.com), following the presentation.

### **About AVITA Medical, Inc.**

AVITA Medical<sup>®</sup> is a commercial-stage regenerative medicine company transforming the standard of care in wound care management and skin restoration with innovative devices. At the forefront of our platform is the RECELL<sup>®</sup> System, approved by the U.S. Food and Drug Administration for the treatment of thermal burn wounds and full-thickness skin defects, and for repigmentation of stable depigmented vitiligo lesions. RECELL harnesses the regenerative properties of a patient's own skin to create Spray-On Skin<sup>™</sup> Cells, delivering a transformative solution at the point-of-care. This breakthrough technology serves as the catalyst for a new treatment paradigm enabling improved clinical outcomes. AVITA Medical also holds the exclusive rights to market, sell, and distribute PermeaDerm<sup>®</sup>, a biosynthetic wound matrix, in the United States.

In international markets, the RECELL System is approved to promote skin healing in a wide range of applications including burns, full-thickness skin defects, and vitiligo. The RECELL System is TGA-registered in Australia, has received CE-mark approval in Europe, and has PMDA approval in Japan.
