

AVITA Medical to Host Investor Webinar Briefing

November 8, 2024

VALENCIA, Calif., Nov. 08, 2024 (GLOBE NEWSWIRE) -- AVITA Medical, Inc. (NASDAQ: RCEL, ASX: AVH), a commercial-stage regenerative medicine company focused on first-in-class devices for wound care management and skin restoration, invites shareholders and prospective investors to attend its investor webinar briefing and presentation by Jim Corbett, Chief Executive Officer, and David O'Toole, Chief Financial Officer, on November 12, 2024, at 2:00 p.m. Pacific Standard Time (November 13, 2024, at 9:00 a.m. Australian Eastern Daylight Time).

The webinar presentation will cover financial and business results from our recent third-quarter 2024 earnings webcast and will conclude with a Q&A session. Participants are invited to submit their questions via the registration page.

To register for the presentation, please follow this Zoom link:

A replay will be available on the AVITA Medical website, ir.avitamedical.com, following the presentation.

About AVITA Medical, Inc.

AVITA Medical[®] is a commercial-stage regenerative medicine company transforming the standard of care in wound care management and skin restoration with innovative devices. At the forefront of our platform is the RECELL[®] System, approved by the U.S. Food and Drug Administration for the treatment of thermal burn wounds and full-thickness skin defects, and for repigmentation of stable depigmented vitiligo lesions. RECELL harnesses the regenerative properties of a patient's own skin to create Spray-On Skin[™] Cells, delivering a transformative solution at the point-of-care. This breakthrough technology serves as the catalyst for a new treatment paradigm enabling improved clinical outcomes. In the United States, AVITA Medical also holds the exclusive rights to market, sell, and distribute PermeaDerm[®], a biosynthetic wound matrix, and Cohealyx[™], an AVITA Medical-branded collagen-based dermal matrix.

In international markets, the RECELL System is approved to promote skin healing in a wide range of applications including burns, full-thickness skin defects, and vitiligo. The RECELL System is TGA-registered in Australia, has received CE mark approval in Europe, and has PMDA approval in Japan.
