

Avita Medical to Participate in the 3rd annual Biotech and Money / Medtech and Money London 2017 Conference

January 25, 2017

Northridge, CA, Perth, Australia and London, United Kingdom – 25 January 2017 – Avita Medical Ltd (ASX: AVH), (OTCQX: AVMXY), a regenerative medicine company specializing in new treatments for wounds and skin defects, said today that Adam Kelliher, Avita's Chief Executive Officer, will be a panel member at the Biotech and Money / Medtech and Money conference taking place in London, UK on 7-8 February, 2017.

The 3rd annual Biotech and Money / Medtech and Money London is a two-day conference and partnering event providing the education, strategies, solutions and contacts that life science companies need to enable more effective funding, investment, business planning and partnering within their businesses. The conference is a senior level educational, best practices and networking event that includes keynote panels with leading life science funds, discussion groups and the opportunity to participate in 1x1 meetings.

Panel details:

Title: Anatomy of a Medtech private financial raise

Date: Wednesday, 8 February, 2017

Time: 11:20 GMT

Location: etc. venues, 155 Bishopsgate, London, EC2M 4AN, United Kingdom

"With over 400 attendees including over 150 investors, we are able to connect with industry leaders and top life science investors to discuss Avita's commercial, regulatory, scientific and clinical research developments across the range of indications for which the Company's portfolio of products (ReCell®, ReGenerCell™ and ReNovaCell™) are in use around the world," stated Mr. Kelliher.

ABOUT AVITA MEDICAL LIMITED

Avita Medical develops and distributes regenerative products for the treatment of a broad range of wounds, scars and skin defects. Avita's patented and proprietary collection and application technology provides innovative treatment solutions derived from a patient's own skin. The Company's lead product, ReCell®, is used in the treatment of a wide variety of burns, plastic, reconstructive and cosmetic procedures. ReCell® is patented, CE-marked for Europe, TGA-registered in Australia, and CFDA-cleared in China. In the United States, ReCell® is an investigational device limited by federal law to investigational use, and a pivotal U.S. approval trial is underway. To learn more, visit www.avitamedical.com.
