PROXY STATEMENT
for
ANNUAL MEETING OF STOCKHOLDERS
to be held on December 12, 2022, at 2:00 pm (Pacific Standard Time)
(being December 13, 2022, at 9:00 am (Australian Eastern Daylight Time (“AEDT”)))

SOLICITATION OF PROXY

The accompanying proxy is solicited on behalf of the board of directors (the “Board of Directors”) of AVITA Medical, Inc., a Delaware corporation (“AVITA” or the “Company”), for use at the annual meeting of stockholders of the Company (the “Annual Meeting”) to be held at 2:00 pm Pacific Standard Time on December 12, 2022 (being 9:00 am AEDT on December 13, 2022) by way of a virtual meeting conducted via live webcast with an online voting platform at meetnow.global/MRZS45. This Proxy Statement contains information about the matters to be considered at the meeting or any adjournments or postponements of the meeting. In addition to mail, proxies may be solicited by personal interview, telephone or telegraph by our officers and regular employees, without additional compensation. We will bear the cost of solicitation of proxies. Brokerage houses, banks and other custodians, nominees and fiduciaries will be reimbursed for out-of-pocket and reasonable expenses incurred in forwarding proxies and proxy statements.

As announced in December 2021, the Company changed its fiscal year from June 30 to December 31. As a result of this change, the Company reported a six-month Transition Period. The Transition Period is from July 1, 2021 to December 31, 2021. As a result of the change from fiscal year to calendar year, the proposals contained in the Annual Meeting will, where applicable, relate to the period ending December 31, 2022.

The Board of Directors has set 5:00 pm Pacific Daylight Time on October 19, 2022 (being 11:00 am AEDT on October 20 2022) as the record date (the “Record Date”) to determine those holders of record of Common Stock, par value US\$0.0001, who are entitled to notice of, and to vote at (either in-person or virtually), the Annual Meeting and those holders of CHES Depository Interests (“CDIs”) (representing the underlying shares of Common Stock) who are entitled to notice of, and to attend (but not vote at), the Annual Meeting. Each share of Common Stock (including the underlying shares of Common Stock represented by CDIs, with five CDIs representing one share of Common Stock) entitles its owner to one vote. On the Record Date, there were _____ shares of Common Stock outstanding (including the underlying shares of Common Stock represented by CDIs). On or about October 25, 2022, this Proxy Statement, the proxy card (the “Proxy Card” or “Proxy”) and the CDI Voting Instruction Form (as applicable) are being mailed to stockholders and CDI holders of record as of the Record Date.

IMPORTANT: To ensure that your shares of Common Stock are represented at the Annual Meeting, please vote your shares of Common Stock (or, for CDI holders, direct CHES Depository Nominees Pty Ltd (“CDN”) to vote your CDIs) via marking, signing, dating, and returning the enclosed Proxy Card or CDI Voting Instruction Form (as applicable) to the address specified. If you attend the Annual Meeting virtually, you may choose to vote via the online platform at meetnow.global/MRZS45W (as applicable) if you qualify to do so, even if you have previously voted your shares of Common Stock, except that CDI holders may only instruct CDN to vote on their behalf by completing and signing the CDI Voting Instruction Form and may not vote during the Annual Meeting via the online platform.

ABOUT THE MEETING

What is being considered at the meeting?

You will be voting on the following:

- Proposal 1: The election of five directors, each to serve until the next annual meeting;
- Proposal 2: The ratification of the appointment of Grant Thornton LLP as our independent public accountants for the 2022 calendar year;
- Proposal 3: To approve the amendment of the Company's Certificate of Incorporation and Amended and Restated Bylaws to reduce the quorum requirement for stockholder meetings;
- Proposal 4: To approve the grant of restricted stock units to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$87,500 (at the time of the grant) and the grant of options to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$37,500 (at the time of the grant) to Mr. Louis Panaccio on the terms and conditions set out in this Proxy Statement, pursuant to and for the purposes of ASX Listing Rule 10.11;
- Proposal 5: To approve the grant of restricted stock units to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$87,500 (at the time of the grant) and the grant of options to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$37,500 (at the time of the grant) to Professor Suzanne Crowe on the terms and conditions set out in this Proxy Statement, pursuant to and for the purposes of ASX Listing Rule 10.11;
- Proposal 6: To approve the grant of restricted stock units to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$87,500 (at the time of the grant) and the grant of options to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$37,500 (at the time of the grant) to Mr. Jeremy Curnock Cook on the terms and conditions set out in this Proxy Statement, pursuant to and for the purposes of ASX Listing Rule 10.11;
- Proposal 7: To approve the grant of restricted stock units to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$[87,500] (at the time of the grant) and the grant of options to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$37,500 (at the time of the grant) to Ms. Jan Stern Reed on the terms and conditions set out in this Proxy Statement, pursuant to and for the purposes of ASX Listing Rule 10.11; and
- Proposal 8: To approve the grant of options to acquire shares of common stock of the Company (which may be represented by CDIs) equal in value to US\$1,000,000 (at the time of grant) to Mr. James Corbett on the terms and conditions set out in this Proxy Statement, pursuant to and for the purposes of ASX Listing Rule 10.11; and
- Proposal 9: Advisory vote to approve the compensation of the Company's named executive officers.

Who is entitled to vote at the meeting?

You may vote if you owned Common Stock (including Common Stock represented by CDIs) on the Record Date. Each share of Common Stock is entitled to one vote. Each CDI holder is entitled to direct CDN to vote one vote for every five CDIs held by such holder on the Record Date.

What does it mean to be a holder of CDIs?

CDIs are issued by the Company through CDN and traded on the Australian Securities Exchange (the "ASX"). If you own the Company's CDIs, then you are the beneficial owner of one share of Common Stock for

[Table of Contents](#)

every five CDIs that you own. CDN or its custodian is considered the shareholder of record for the purposes of voting at our Annual Meeting. As the beneficial owner, you have the right to direct CDN or its custodian as to how to vote the shares in your account. As a beneficial owner, you are invited to attend the Annual Meeting. However, because you are not a stockholder of record, if you personally want to vote the shares of Common Stock underlying your CDIs at the Annual Meeting, you must inform CDN via your CDI Voting Instruction Form that you wish to nominate yourself (or another person, including the Chair of the Annual Meeting) to be appointed as CDN's proxy for the purposes of virtually attending and voting at the Annual Meeting.

Under the rules governing CDIs, CDN is not permitted to vote on your behalf on any matter to be considered at the Annual Meeting unless you specifically instruct CDN how to vote. We encourage you to communicate your voting decisions to CDN in advance of the Annual Meeting to ensure that your vote will be counted by completing the enclosed CDI Voting Instruction Form and returning it to the address specified on that form.

How many votes must be present to hold the meeting?

Your shares are counted as present at the meeting if you attend the meeting virtually and vote via the online platform at meetnow.global/MRZS45W (in the case of holders of Common Stock) or if you properly return a Proxy or CDI Voting Instruction Form by mail. To conduct our meeting, a majority of the combined voting power of our capital stock as of October 19, 2022 (United States) must be present at the meeting. This is referred to as a quorum. On October 19, 2022 (United States), there were [Insert Quantity] outstanding shares of Common Stock (including Common Stock represented by CDIs) entitled to vote.

How do I vote if I hold shares of Common Stock?

You can vote in two ways:

- by attending the meeting virtually via live webcast and voting using the online voting platform at meetnow.global/MRZS45W using the 16-digit Control Number provided in the Notice of Annual Meeting to log in to the website, and beneficial owners of shares held in street name will need to follow the instructions provided by the broker, bank or other nominee that holds their shares; or
- by completing, signing, and returning the enclosed Proxy Card.

How do I vote if I hold CDIs?

Each CDI holder is entitled to direct CDN to vote one vote for every five CDIs held by such holder. Those persons holding CDIs are entitled to receive notice of and to attend the Annual Meeting virtually and any adjournment or postponement thereof. Holders of CDIs may direct CDN to vote their underlying shares of Common Stock at the Annual Meeting by returning the CDI Voting Instruction Form to Computershare Australia, the agent the Company has designated for the collection and processing of voting instructions from the Company's CDI holders. Votes must be received by Computershare Australia by no later than 2:00 pm (Pacific Standard Time) / 5:00 pm (Eastern Standard Time) on December 6, 2022 (being 9:00 am (AEDT) on December 7, 2022) in accordance with the instructions on such form. Doing so permits CDI holders to instruct CDN to vote on their behalf in accordance with their written directions.

Alternatively, CDI holders can inform CDN via the CDI Voting Instruction Form that they wish to nominate themselves or another person (including the Chair of the Annual Meeting) to be appointed as CDN's proxy for the purposes of attending and voting at the Annual Meeting either in-person or virtually. Holders of CDIs must comply with the instructions above if they wish to have their votes cast at the Annual Meeting.

Can I change my mind after I submit my Proxy or CDI Voting Instruction Form?

Yes, if you hold shares of Common Stock, you may change your mind at any time before a vote is taken at the meeting. You can do this by (1) signing another Proxy with a later date and submitting it in the same manner as the prior Proxy was submitted; (2) if you hold your shares in your name, voting again at the meeting via the online voting platform; or (3) if you hold your shares in street name, arranging with your broker to vote your shares at the Annual Meeting.

If you are a holder of CDIs and you direct CDN to vote by completing the CDI Voting Instruction Form, you may revoke those directions by delivering to Computershare Australia a written notice of revocation bearing a later date than the CDI Voting Instruction Form previously sent, which notice must be received by Computershare Australia by no later than 9:00 am (AEDT) on December 7, 2022 (being 2.00 pm (Pacific Standard Time) / 5.00 pm (Eastern Standard Time) on December 6, 2022).

Will my shares or CDIs be voted if I do not provide my Proxy or CDI Voting Instruction Form?

If you hold your shares of Common Stock directly in your own name, they will not be voted if you do not provide a Proxy unless you personally vote at the meeting via the online voting platform. Your shares of Common Stock may be voted under certain circumstances if they are held in the name of a brokerage firm. Brokerage firms generally have the authority to vote a customer's unvoted shares on certain "routine" matters, including approval of the appointment of independent public accountants. When a brokerage firm votes its customer's unvoted shares, these shares are counted for the purposes of establishing a quorum. At the Annual Meeting, these shares will be counted as voted by the brokerage firm in relation to the approval of the appointment of our independent public accountants.

If you hold CDIs, they will not be voted if you do not provide a completed CDI Voting Instruction Form to Computershare Australia by the relevant cut-off date, being 9:00 am (AEDT) on December 7, 2022 (being 2.00 pm (Pacific Standard Time) / 5.00 pm (Eastern Standard Time) on December 6, 2022).

Since the proposal to amend our Certificate of Incorporation and Amended and Restated Bylaws ("Bylaws") to reduce the quorum requirement for stockholder meetings requires the affirmative vote of a majority of all outstanding shares of Common Stock, whether or not voted at the Annual Meeting, unvoted shares of Common Stock (including the underlying shares of Common Stock represented by CDIs) will have the effect of being a vote against that proposal.

What if I return my Proxy Card or CDI Voting Instruction Form but do not include voting instructions?

Proxies that are signed and returned but do not include voting instructions will be voted FOR the election of the nominated directors, FOR the ratification of the appointment of our independent public accountants, FOR the amendment of the Company's Certificate of Incorporation and Bylaws to reduce the quorum requirement for stockholder meetings, and FOR the approval of the grant of restricted stock units and options to each non-executive director, but they will not be voted with respect to the advisory vote in relation to executive compensation.

If you are a beneficial owner of shares of Common Stock held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may generally vote on routine matters (such as ratification of the auditor's appointment) but cannot vote on non-routine matters.

If you hold CDIs, they will not be voted if you do not provide a completed CDI Voting Instruction Form to Computershare Australia by the relevant cut-off date being 9:00 am (AEDT) on December 7, 2022 (being 2:00 pm (Pacific Time) / 5:00 pm (Eastern Standard Time) on December 6, 2022). If a CDI holder does not include voting instructions in the CDI Voting Instruction Form in respect of a proposal no vote will be cast on that proposal for that CDI holder.

[Table of Contents](#)

What does it mean if I receive more than one Proxy Card or CDI Voting Instruction Form?

If you receive more than one printed set of proxy materials, it means that you hold Common Stock or CDIs registered in more than one account. To ensure that all of your Common Stock or CDIs are voted, please submit proxies or CDI Voting Instruction Forms for all of your shares of Common Stock or CDIs (as applicable).

If possible, we recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent in the United States is Computershare Limited. Computershare Limited's telephone number is 800-736-3001. Our transfer agent in Australia is Computershare Australia. Computershare Australia's telephone number is +61 39415 4000 (for overseas callers) or 1300 850 505 (for calls within Australia).

What vote is required to approve each item?

The affirmative vote of a plurality of the votes cast at the Annual Meeting is required for the approval of the election of directors and the affirmative vote of a majority of the votes cast is required for (i) the ratification of the appointment of our independent public accountants; (ii) the approval of the grant of restricted stock units and options to each non-executive director; and (iii) the approval of the grant options to the Company's President and CEO Approval of the amendment of our Certificate of Incorporation and our Bylaws to reduce the quorum requirement for stockholder meetings requires the majority of the voting power of the stock of the Company entitled to vote thereon to vote in favor of the proposal. The advisory vote to approve executive compensation will be approved, on a non-binding, advisory basis, on the affirmative vote of a majority of the votes cast at the Annual Meeting.

Where can I find the voting results of the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. In accordance with the requirements of ASX Listing Rule 3.13.2, the Company will disclose to ASX the voting results of the Annual Meeting immediately after the meeting. The Company will also report the results on a current report on Form 8-K filed with the U.S. Securities and Exchange Commission.

Who pays for solicitation of proxies?

The Company is paying the cost of soliciting proxies and will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket and reasonable expenses for sending proxy materials to stockholders and obtaining their votes. In addition to soliciting the proxies by mail, certain of our directors, officers and regular employees, without compensation, may solicit proxies personally or by telephone, facsimile and email. In connection with the foregoing, the Company has retained Okapi Partners LLC to solicit proxies on its behalf for the Annual Meeting. We have agreed to pay to Okapi Partners, LLC a fee of approximately \$25,000. In Australia, the Company has engaged Georgeson Shareholder Communications Australia Pty Ltd. to solicit proxies from holders of CDIs. We have agreed to pay Georgeson Shareholder Communications Australia Pty Ltd. a fee of approximately \$48,000.

How can I submit a proposal for the 2023 annual meeting of stockholders?

Requirements for Stockholder Proposals to Be Considered for Inclusion in the Company's Proxy Materials. Stockholder proposals, including a nomination for election to the Board of Directors, to be considered for inclusion in the proxy statement and form of proxy relating to the 2023 annual meeting of stockholders must be received by June 26, 2023. In addition, all proposals will need to comply with Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which lists the requirements for the inclusion of stockholder proposals in company-sponsored proxy materials. Stockholder proposals must be delivered to the Company's Secretary at 28159 Avenue Stanford, Suite 220, Valencia, California, 91355.

Table of Contents

Requirements for Stockholder Proposals to Be Brought Before the 2023 Annual Meeting of Stockholders. Notice of any director nomination or other proposal that you intend to present at the 2023 annual meeting of stockholders, but do not intend to have included in the proxy statement and form of proxy relating to the 2023 annual meeting of stockholders, must be delivered to the Company's Secretary at 28159 Avenue Stanford, Suite 220, Valencia, California, 91355 not later than the close of business on June 26, 2023 or a reasonable time before the Company begins to print and send its proxy materials. In addition, your notice must set forth the information required by our Bylaws with respect to each director nomination or other proposal that you intend to present at the 2023 annual meeting of stockholders.

Universal Proxy Requirements. In addition to satisfying the foregoing requirements under our Bylaws, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than the company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than October 12, 2023, or a reasonable time before the Company begins to print and send its proxy materials.

Do we currently have, or do we intend to submit for stockholder approval, any anti-takeover device?

Our Certificate of Incorporation, Bylaws and other corporate documents do not have any provisions that contain material anti-takeover aspects. We have no plans or proposals to submit any other amendments to our Certificate of Incorporation or Bylaws, or other measures in the future, that have anti-takeover effects.

Could emerging developments regarding the coronavirus — or COVID-19 — affect our ability to hold an in-person annual meeting?

We are continuing to monitor the impact of the COVID-19 pandemic on our employees, customers, and on the markets in which we operate. The ultimate extent of the impact of the COVID-19 pandemic on us, including the discovery and spread of existing and future contagious variants to COVID-19, remains highly uncertain and will depend on future developments and factors that continue to evolve. These factors, among others include the widespread vaccination of populations including recently approved booster regimens, especially in the U.S. and improvements in treatments and therapeutics for those with COVID-19, which are outside of our control, and could exist for an extended period of time even after the pandemic might end. Further imposition of quarantines, shelter-in-place and similar government orders which are outside of our control could impact the manner in which we hold our meeting virtually. Accordingly, the Company has chosen to hold a virtual Annual Meeting so that security holders can attend the meeting via live webcast with an online voting platform at meetnow.global/MRZS45W.

To attend and participate in the Annual Meeting virtually, securityholders of record will need to access the live audio webcast of the meeting. To do so, please visit meetnow.global/MRZS45W and use the 16-digit Control Number provided in the Notice of Annual Meeting to log in to this website, and beneficial owners of shares held in street name will need to follow the instructions provided by the broker, bank or other nominee that holds their shares. Holders of the Company's CDIs may attend the Annual Meeting virtually by logging into meetnow.global/MRZS45W as a visitor / guest to access the live audio webcast of the meeting. We encourage security holders to log in to this website and access the webcast before the virtual Annual Meeting's start time if they are attending the Annual Meeting virtually.

Nominating & Corporate Governance Committee

Our Board of Directors has established a Nominating and Corporate Governance Committee (the "Nominating Committee"). Suzanne Crowe, Jan Stern Reed and Jeremy Curnock Cook are the current members of the Nominating Committee and each qualifies as an "independent director" within the meaning of NASDAQ Marketplace Rules and the 4th Edition of the ASX's Corporate Governance Principles and Recommendations. In addition, the Nominating Committee is responsible for leading the Board of Directors through the completion of a self-evaluation of the Board, its committees, and individual directors.

Process for Nominating Potential Director Candidates

The Nominating Committee is responsible for identifying and evaluating potential director candidates and recommending qualified candidates for election by the stockholders consistent with criteria approved by the Board. Nominees for director are selected by the Nominating Committee on the basis of their (i) economic, academic, financial, and other expertise, skills, knowledge, and achievements useful to the oversight of the Company's business; (ii) integrity, demonstrated sound business judgment, and high moral and ethical character; (iii) diversity of viewpoints, backgrounds, experiences, and other demographics; (iv) business or other relevant professional experience; (v) capacity and desire to represent the balanced, best interests of the Company and its stockholders as a whole and not primarily a special interest group or constituency; (vi) ability and willingness to devote time to the affairs and success of the Company and in fulfilling the responsibilities of a director; and (vii) the extent to which the interplay of the candidate's expertise, skills, knowledge, and experience with that of other Board members will build a Board that is effective, collegial, and responsive to the needs of the Company.

The Nominating Committee does not have a formal diversity policy with respect to the Board, but it reviews the background and qualifications of each nominee to determine such nominee's experience, competence, and character and assesses such nominee's potential contribution to the Board of Directors, taking into account the then-existing composition of the Board of Directors and such other factors as the Nominating Committee deems appropriate. The Board should collectively possess skills, industry, and other knowledge and expertise, and business and other experience useful for the effective oversight of the Company's business. The Nominating Committee believes that the business experience of its directors has been, and continues to be, critical to the Company's development and plan of operation.

The Nominating Committee values the input of stockholders in identifying director candidates. Accordingly, although the Nominating Committee does not have a specific policy with regard to the consideration of candidates recommended by stockholders, the Nominating Committee considers recommendations for Board candidates submitted by stockholders using substantially the same criteria it applies to recommendations from the Nominating Committee, directors and members of management. Any such nominations should be submitted to the Nominating Committee in line with the instructions provided under the caption "How can I submit a proposal for the 2023 annual meeting of stockholders?" above and in compliance with other specific procedural requirements set forth in the Bylaws.

During the transition period from July 1, 2021, to December 31, 2021, the Board of Directors met a total of three times (August 24, 2021; September 29, 2021; and November 4, 2021).

During the six months from January 1, 2022, to June 30, 2022, the Board of Directors met a total of four times (February 23, 2022; March 9, 2022; May 5, 2022; and June 9, 2022), and had attendance of all members of the Board of Directors (as constituted at the relevant date) at all four of the meetings.

Additionally, during the calendar year through December 31, 2022, the Board of Directors are scheduled to meet an additional time on November 8, 2022.

Board Leadership Structure

The current non-executive Chairman of the Board of Directors is Louis Panaccio, who is an independent director under NASDAQ listing standards and for the purposes of the ASX Listing Rules and the ASX Corporate Governance Council’s Corporate Governance Principles and Recommendations 4th Edition. The roles of Chairman of the Board and Chief Executive Officer are separate. The Board of Directors believes that the separation of the offices of the Chairman of the Board and Chief Executive Officer allows the Company’s Chief Executive Officer to focus primarily on the Company’s business strategy, operations, and corporate vision. The Board of Directors consists of a majority of independent non-executive directors, and each of the committees of the Board of Directors is comprised solely of independent non-executive directors. The Company does not have a policy mandating an independent lead director. The independent directors meet at least annually in executive session without the presence of non-independent directors.

Risk Oversight

While management is responsible for assessing and managing risks to the Company on a day-to-day basis, the Company’s Board of Directors oversees management’s efforts to assess and manage risk. The Board (in

conjunction particularly with the Audit Committee) monitors and receives advice on areas of operational and financial risk and considers strategies for appropriate risk management arrangements. Specific areas of risk which are regularly considered at Board meetings include foreign currency, performance of activities, human resources, acceptance by regulatory authorities of the Company's products, markets, manufacturing, the environment, statutory compliance, and continuous disclosure obligations. Additional areas of focus for the Board of Directors include, but are not limited to:

- managing the Company's long-term growth;
- strategic and operational planning, including significant acquisitions and the evaluation of the Company's capital structure; and
- legal and regulatory compliance.

More broadly, risks are considered in virtually every business decision and process and as part of the Company's overall business strategy. While the Board of Directors has the ultimate oversight responsibility for the Company's risk management policies and processes, the committees of the Board of Directors also have responsibility for risk oversight. As noted above, our Audit Committee assists the Board of Directors to meet its oversight responsibilities in respect of various areas of risk for the Company including risks associated with our financial statements and financial reporting, internal control structure, risk management procedures and the internal (as applicable) and external audit function as well as mergers and acquisitions, credit and liquidity, and business conduct compliance. Our Compensation Committee considers the risks associated with our compensation policies and practices with respect to both executive compensation and employee compensation. Our Nominating and Corporate Governance Committee oversees risks associated with our overall governance practices and the leadership structure of the Board of Directors. Our Board of Directors stays informed of each committee's risk oversight and other activities via regular reports of the committee chairs to the full Board of Directors. Our Board of Directors' role in risk oversight is consistent with our leadership structure, with the Chief Executive Officer and other members of senior management having responsibility for assessing and managing the Company's risk exposure, and the Board of Directors and committees providing oversight in connection with those efforts.

Stockholder and Interested Party Communications with Directors

All such communications must be accompanied by a statement of the type and amount of our securities that the person holds; any special interest, meaning an interest that is not derived from the proponent's capacity as a stockholder, of the person in the subject matter of the communication; and the address, telephone number and e-mail address, if any, of the person submitting the communication.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists our Board in its oversight of our financial reporting process. All three members of the Audit Committee qualify as independent directors under NASDAQ listing standards for public companies and the independence requirements of Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended (“Exchange Act”) and the Board has determined that one is qualified as an audit committee financial expert within the meaning of Item 407(d)(5) of Regulation S-K, promulgated under the Exchange Act. The Audit Committee’s charter can be viewed online on our website at <https://ir.avitamedical.com/corporate-governance>.

In fulfilling its duties, the Audit Committee reviewed and discussed the audited financial statements contained in the Company’s Annual Report on Form 10-KT for the transition year July 1, 2021, to December 31, 2021 with management and the independent auditor, Grant Thornton LLP. Management is responsible for the financial statements and the reporting process, including the systems for internal control over financial reporting. The independent auditor is responsible for performing an independent audit of the Company’s financial statements in accordance with accounting principles generally accepted in the United States, and for expressing an opinion on these financial statements based on the audit.

The Audit Committee met with the independent auditor with and without management present and discussed those matters required to be discussed by the applicable requirements of the Public Company Accounting Oversight Board and the U.S. Securities and Exchange Commission. The Audit Committee has also received the written disclosures and the letter from the independent auditor required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor’s communications with the Audit Committee concerning independence and discussed with the independent auditor its independence.

Compensation Principles

The Charter outlines the responsibilities and duties of the members, sets forth the frequency of meetings and establishes and reviews the overall compensation philosophy of the Company. The Compensation Committee reviews and approves the executive compensation program for the Chief Executive Officer and other executive officers and makes appropriate recommendations to the Board of Directors.

Compensation Committee

The Compensation Committee approves or makes recommendations to our Board of Directors on decisions concerning compensation of the executive management team and Board of Directors on a periodic basis to ensure that it is consistent with our short-term and long-term goals. The Compensation Committee assess the appropriateness of the nature and amount of compensation of our executives by reference to relevant employment market conditions with the overall objective of ensuring maximum stakeholder benefit from the recruitment and retention of a high-quality board and executive team.

Additionally, the Compensation Committee is responsible for evaluating the performance of the Company’s key senior executives. Our Chief Executive Officer and other members of management regularly discuss our compensation issues with Compensation Committee members. Subject to Compensation Committee review, modification and approval, our Chief Executive Officer typically makes recommendations regarding bonuses and equity incentive awards for the other members of the executive management team. The Compensation Committee establishes all bonus and equity incentive awards for all executive members of the management team.

Proposal No. 3

APPROVAL OF AMENDMENT OF COMPANY'S CERTIFICATE OF INCORPORATION AND AMENDED AND RESTATED BYLAWS TO REDUCE THE QUORUM REQUIREMENT FOR STOCKHOLDER MEETINGS

Proposal No. 3 seeks the approval of stockholders to an amendment to our Certificate of Incorporation (the "Certificate") and an amendment to our Amended and Restated Bylaws (the "Bylaws") for the purpose of reducing the quorum requirement for the Company's stockholder meetings. The Board has determined that it is in the Company's and our stockholders' best interests to amend the Certificate (the "Certificate Amendment") and the Bylaws (the "Bylaws Amendment") to reduce the quorum requirement for stockholder meetings from a majority of the outstanding voting securities of the Company (the "Current Quorum") to one-third (33 1/3%) of the outstanding voting securities of the Company (the "Proposed Quorum"). The Board has adopted and declared advisable, the Certificate Amendment and the Bylaws Amendment, both of which amendments are necessary in order to implement the Proposed Quorum, subject to stockholder approval.

The texts of the proposed Certificate Amendment and Bylaws Amendment are included as Annexes A and B to this Proxy Statement.

Background

A quorum is the minimum number of stockholders who must be present in person or by proxy at a stockholders meeting in order for that meeting to be validly held. It is a requirement under Delaware law that a company specify its quorum for its stockholder meetings by defining the proportion of the voting power that constitutes a quorum in its articles of incorporation or bylaws.

Our Certificate and our Bylaws provide that the current quorum for a meeting of the Company's stockholders is a majority of the combined voting power of the Company's capital stock issued and outstanding and entitled to vote at a meeting, present in person or represented by proxy.

Under Delaware law and the NASDAQ Marketplace Rules the minimum quorum requirement is 33 1/3%. The ASX Listing Rules do not stipulate a minimum quorum requirement, however the majority of companies that are listed on the ASX have a minimum quorum of between two and five stockholders present in person or by proxy and entitled to vote on a resolution at the meeting. Our Current Quorum is above the minimum quorum requirement under Delaware law and reflects market practice for listed companies in the United States, although it is much higher than the typical quorum for companies that are listed on the ASX.

The Company's predecessor, AVITA Medical Pty Limited ("Avita Australia"), was listed on the ASX and on NASDAQ prior to the AVITA group's redomiciliation to the United States in 2020 ("Redomiciliation"). The quorum for meetings of Avita Australia's members prior to the Redomiciliation was a minimum of three stockholders present in person or by proxy. Following the Redomiciliation, the Company became the parent company of the AVITA group and was listed on NASDAQ and the ASX with the Current Quorum in place under the Certificate and the Bylaws.

Although the Company's primary listing is now on NASDAQ, it is cross listed on ASX, and the majority of the Company's voting power is represented by CDIs held through the ASX, with 40% of the Company's voting power represented by shares of common stock on NASDAQ and 60% of the Company's voting power represented by common stock underlying CDIs on ASX as of September 25, 2022. As has been noted in this Proxy Statement, CDI holders may only vote their CDIs by providing a completed CDI Voting Instruction Form under which CHES Depository Nominees may vote on their behalf at the stockholder meeting.

Since the Redomiciliation and the adoption of our Current Quorum, we have had difficulties reaching our Current Quorum for our stockholder meetings in a timely manner. We did not achieve our Current Quorum by

[Table of Contents](#)

the originally scheduled meeting dates for both our 2020 Annual Meeting and our 2021 Annual Meeting, which in both instances resulted in us adjourning the respective meeting for approximately one week to allow us to solicit further proxies and CDI Voting Instruction Forms from our stockholders in order to reach the Current Quorum and validly hold the respective annual meeting. At both the 2020 Annual Meeting and 2021 Annual Meeting, only approximately 35% of CDI holders voted by submitting their CDI Voting Instructions Forms prior to the date of the respective meeting.

The adjournments of our 2020 Annual Meeting and 2021 Annual Meeting due to the Current Quorum not being met resulted in disruption to the Company's business and also the incurrence of significant additional costs, including additional payments to our share registries, virtual meeting hosts and our proxy solicitors.

Reasons for the Certificate Amendment and Bylaws Amendment

As a result of the above, the Board has formed the view that a reduction in the Company's quorum for any future stockholder meetings from the Current Quorum to the Proposed Quorum, and the Certificate Amendment and Bylaws Amendment to make this change, is in the best interests of the Company and its stockholders, because the adoption of the Proposed Quorum by making the Certificate Amendment and Bylaws Amendment:

- will markedly reduce the risk of the Company failing to achieve the required quorum for any stockholder meetings, which failure has at recent Annual Meetings required the Company to adjourn such meetings and caused it to incur as a result additional costs and suffer disruptions to its business; and
- is high enough to ensure that a broad range of stockholders are present at a stockholder meeting in person or by proxy.

Accordingly, the Board has adopted and declared advisable the Certificate Amendment and Bylaws Amendment, subject to stockholder approval. The text of the proposed Certificate Amendment and Bylaws Amendment is included as [Annexes A and B](#) to this Proxy Statement.

Vote Required

Approval of this Proposal No. 3 requires the majority of the outstanding voting securities of the Company entitled to vote thereon to vote in favor of the proposal, which is the vote required to amend the Certificate under Delaware law. Abstentions and broker non-votes will have the same effect as votes "AGAINST" this Proposal.

The Board of Directors recommends a vote "FOR" the approval of the amendments to the Certificate and the Bylaws to reduce the quorum requirement for stockholder meetings from a majority of the outstanding voting securities of the Company to one-third (33 1/3%) of the outstanding voting securities of the Company.

Proposal No's 4 – 7

APPROVAL OF THE GRANT OF OPTIONS AND RESTRICTED STOCK UNITS TO NON-EXECUTIVE DIRECTORS

Background

Proposal No's 4 – 7 (inclusive) seek the approval of stockholders under ASX Listing Rule 10.11 for the grant of both restricted stock units ("RSUs") and options to acquire shares of common stock (or if so elected, CDIs) of the Company to certain of the Company's non-executive directors ("NED Securities") to the value set out in Table 1 below. An RSU is a "restricted stock unit", which is an unfunded and unsecured contractual entitlement to be issued or transferred a share of common stock in the Company for each RSU on a future date (after the vesting of the relevant RSU entitlement). Each RSU on vesting will entitle the relevant non-executive director to be issued one fully paid share of common stock of the Company for no monetary consideration. Each option on vesting and payment of the applicable exercise price by the non-executive director (being the closing price of the Company's shares of common stock on NASDAQ on the date on which the options are granted) will entitle the relevant non-executive director to be issued one fully paid share of common stock of the Company. On vesting of an RSU or option, the non-executive director may (except where a cashless exercise program is implemented in respect of the relevant option) elect to acquire CDIs in place of common stock of the Company with five CDIs being equal to one share of common stock of the Company.

In 2021, the Board engaged Compensia, a premier independent compensation advisory firm with a focus on technology and life sciences companies in the U.S., to complete a detailed review of the Company's compensation arrangements for non-executive directors to ensure that the Company's compensation practices are competitive and aligned with U.S. compensation practices. Alignment with U.S. compensation practices has become increasingly important following the Company's redomiciliation from Australia to the U.S., and its predominant focus on U.S. markets for its FDA approved RECELL® product.

For the analysis, Compensia developed a peer group of 20 U.S. based public companies of similar size, industry, revenue, and market cap, using a rules-based approach. They provided recommendations in relation to non-executive director annual fees against competitive market data. The Company's Compensation Committee has based the proposed grant of the NED Securities to the non-executive directors set out in Table 1 below at just above the 25th percentile of board equity compensation compared with peer data as per Compensia's analysis.

The Board is of the view that the grant of the NED Securities to the below named non-executive directors is a reasonable and appropriate method to provide cost effective remuneration to the relevant non-executive directors as the non-cash form of this remuneration will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were required to be provided to the relevant non-executive directors instead of the NED Securities.

Consistent with common U.S. company non-executive director annual equity remuneration practices as reported by Compensia in their 2021 report, Table 1 below reflects awards proposed to be granted to certain non-executive director in respect of the fiscal year ending December 31, 2022. The material terms of the awards are set out below under the heading "Material terms of the NED Security Agreements". Table 2 below provides illustrative examples (only) of the number of RSUs and options that may be granted based on a range of possible scenarios. It is important to note that the number of RSUs and options that will actually be granted to each relevant non-executive director will not, however, be known until the actual date of grant of the RSUs and options, which is likely to be the date of the Annual Meeting (or shortly thereafter) if the proposed grant to the relevant non-executive director is approved at the Annual Meeting.

- (1) Upon the vesting of an RSU, the holder will be entitled to be issued the relevant number of shares of common stock (or CDIs) of the Company without the payment of any cash or other form of consideration.
- (2) The exercise price payable for each share of common stock the subject of the option will be the closing price of the Company's shares of common stock on NASDAQ on the date on which the options are granted which will be the date of the Annual Meeting or shortly thereafter.

Calculation of the number of NED Securities to be granted

As noted above, it is proposed that, subject to stockholder approval at the Annual Meeting, each of the above mentioned non-executive directors will be granted RSUs to acquire shares of common stock equal in value to US\$87,500(as at the date of the grant) and options to acquire shares of common stock equal in value to US\$37,500 (as at the date of the grant).

The number of NED Securities to be granted to each relevant non-executive directors on the date of grant will be determined in accordance with the following formulae:

In respect of the RSUs: $R = A / B$

where:

- R** means the number of RSUs to be issued to the relevant non-executive director rounded down to the nearest whole RSU
- A** means the amount of US\$87,500
- B** means the closing price of the Company's shares of common stock on NASDAQ on the date of grant of the RSUs

In respect of the options: $O = X / Y$

where:

- O** means the number of options to be issued to the relevant non-executive director rounded down to the nearest whole option
- X** means the amount of US\$37,500
- Y** means the closing price of the Company's shares of common stock on NASDAQ on the date of grant of the options

Table 2: Illustrative examples (only) of how the number of RSUs and options will be calculated

Set out below are example calculations, for illustrative purposes (only), of how the number of NED Securities to be granted to a non-executive director will be calculated by applying the above formulae. These examples have been calculated by reference to the lowest closing price of the Company's common stock and highest closing price of the Company's common stock on NASDAQ over the 6-month period to August 31, 2022.

It is important that stockholders note that the below calculations are examples only and the number of NED Securities that will actually be granted will be calculated on the basis of on the closing price of the Company's shares of common stock on NASDAQ on the date that the relevant non-executive directors are granted their NED Securities, which will be the date of the Annual Meeting or shortly thereafter. As a result, the number of NED Securities actually granted to each relevant non-executive director may vary materially from the examples set out below.

Example 1 – Lowest closing price on NASDAQ over 6-month period to August 31, 2022:

If, by way of example, a non-executive director had been granted their NED Securities on the date of the lowest closing price of the Company's common stock on NASDAQ over the 6-month period to August 31, 2022) the number of NED Securities to be granted to that non-executive director would, by applying the abovementioned formulae as follows:

RSUs

- A = US\$87,500

Table of Contents

- $B = \text{US}\$4.60$, being the lowest closing price of the Company's common stock on NASDAQ over the 6-month period to August 31, 2022
 $= 19,021$ RSUs to acquire 19,021 shares of common stock (or 95,105 CDIs if so elected) (being the result of dividing A by B)

Options

- $X = \text{US}\$37,500$
- $Y = \text{US}\$4.60$, being the lowest closing price of the Company's common stock on NASDAQ over the 6-month period to August 31, 2022
 $O = 8,152$ RSUs to acquire 8,152 shares of common stock (or 40,760 CDIs if so elected) (being the result of dividing X by Y)

Example 2 – Highest closing price on NASDAQ over 6-month period to August 31, 2022:

If, by way of example, a non-executive director had been granted their NED Securities (the date of the highest closing price of the Company's common stock on NASDAQ over the 6-month period to August 31, 2022, the number of NED Securities to be granted to that non-executive director would, by applying the abovementioned formulae, be as follows:

RSUs

- $A = \text{US}\$87,500$
- $B = \text{US}\$10.57$, being the highest closing price of the Company's common stock on NASDAQ over the 6-month period to August 31, 2022
 $R = 8,278$ RSUs to acquire 8,278 shares of common stock (or 41,390 CDIs if so elected) (being the result of dividing A by B)

Options

- $X = \text{US}\$37,500$
- $Y = \text{US}\$10.57$, being the highest closing price of the Company's common stock on NASDAQ over the 6-month period to August 31, 2022
 $O = 3,547$ RSUs to acquire 3,547 shares of common stock (or 17,735 CDIs if so elected) (being the result of dividing X by Y)

If stockholder approval is obtained, the NED Securities proposed to be granted to each relevant non-executive director will be granted under and subject to the terms and conditions of a template RSU agreement (in respect of the RSUs) and a template option agreement (in respect of the options) to be entered into between the relevant non-executive director and the Company ("NED Security Agreements"), the terms of which are summarized below.

Each of Proposal No's 4 – 7 (inclusive) are separate Proposals to be considered by stockholders independently. In addition, Proposal No's 4 – 7 (inclusive) are not interdependent Proposals, meaning that the approval of one Proposal will not impact the outcome of another Proposal (e.g., if Proposal No.4 is not approved, this does not impact the ability of Proposal No.5 to be approved). Accordingly, if only some of Proposal No's 4 – 7 are approved by stockholders, those Proposals that are approved will remain valid even if certain of Proposal No's 4 – 7 are not approved by stockholders.

Those non-executive directors who have the grant of NED Securities to them approved will be entitled to be granted those NED Securities whereas those non-executive directors who do not have the grant of NED Securities to them approved will not be entitled to be granted those NED Securities.

ASX Listing Rule 10.11

The requirement to seek stockholder approval for the grant of the NED Securities contained in ASX Listing Rule 10.11. ASX Listing Rule 10.11 provides that a company must not, subject to specified exceptions, issue or agree to issue any equity securities to a related party, which includes a director, without stockholder approval. If stockholder approval in relation to Proposal No's 4 – 7 is received, approval is not required under ASX Listing Rule 7.1 and the subsequent issue of the shares of common stock (or CDIs) the subject of the options and RSUs will not be counted towards the Company's 15% placement capacity restriction set out in ASX Listing Rule 7.1.

Reasons for the grant of NED Securities

The Board has approved the proposed grant of the NED Securities in order to promote ownership in the Company by the non-executive directors and to align their interests with stockholders by linking part of their compensation to the long-term success of the Company and its financial performance. The provision of the NED Securities is an essential component of compensation for U.S. based non-executive directors of NASDAQ listed companies and the Board believes that the grant of the NED Securities should assist the Company in retaining members of the Board of Directors in an increasingly competitive environment for the recruitment and retention of non-executive directors.

As noted above, the Board is of the view that the grant of the NED Securities to the above mentioned non-executive directors is a reasonable and appropriate method to provide cost effective remuneration to those non-executive directors as the non-cash form of this remuneration will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were required to be provided to those non-executive directors instead of the NED Securities.

Material terms of the NED Security Agreements

In addition to the value, vesting schedules and other terms of the RSUs and options noted in the tables above, the following is a summary of other material terms of the NED Security Agreements.

Option Agreements

- a) *Grant Price:* There is no consideration payable for the grant of the options.
- b) *Exercise Price:* As noted above, the exercise price payable for each share of common stock the subject of the option will be the closing price of the Company's shares of common stock on NASDAQ on the date on which the options are granted.
- c) *Method of payment of Exercise Price:* Each non-executive director may pay the applicable exercise price by personal check (or readily available funds), wire transfer, cashier's check or by consideration received by the Company pursuant to a broker-assisted cashless exercise program implemented by the "Administrator" under the Option Agreement. Under a cashless exercise, also known as a same-day sale, a broker facilitates the exercise of options by the grantee so that the grantee may exercise options without making an upfront purchase of shares. The grantee exercises the options, and then immediately sells enough shares of common stock to repay the broker and cover any associated costs with the transaction. The grantee then retains the net number of shares of common stock.
- d) *Shares of common stock (and not CDIs) issued under a cashless exercise:* Where a cashless exercise program is implemented, only shares of common stock (and not CDIs) may be issued to the non-executive director.
- e) *Vesting Conditions:* The relevant vesting conditions for the options (which are entirely time based) are set out in Table 1 above for each non-executive director. Once an option has vested it may be exercised at any time during the option term applicable to it.

Table of Contents

- f) *Option term:* The options will expire at the close of business at the Company's headquarters on the applicable expiration date (being 10 years from the grant date of the relevant option), unless the relevant Option Agreement terminates earlier in connection with the non-executive director no longer serving as a director of the Company or in the event of a change of control occurring with respect to the Company.
- g) *Lapsing on cessation as a director:* If a non-executive director ceases to be a director of the Company prior to the relevant expiration date of the option (other than for cause), the unvested portion of the director's options will automatically expire on the director's date of termination, and the vested portion of the director's options will remain outstanding and exercisable for the following periods (unless otherwise determined by the Company's Compensation Committee): (i) three months following termination for any reason other than cause, disability or death; (ii) six months following a termination due to disability; and (iii) 12 months following the date of the director's death, if they die while serving as a director or during the period provided in (i) or (ii).
- If a non-executive director ceases to be a director of the Company prior to the relevant expiration date of the option due to being terminated for cause, the option will terminate and be forfeited immediately upon the director's termination, and the director will be prohibited from exercising any portion (including any vested portion) of the option on or after the date of termination. If the director's service as a non-executive director of the Company is suspended pending an investigation as to whether the director will be terminated for cause, all of the director's rights under the option, including the right to exercise any vested options, will be suspended during the investigation period.
- h) *Subject to the ASX Listing Rules:* While the Company is subject to the ASX Listing Rules, there are additional restrictions that will apply to each non-executive director under the terms of the relevant Option Agreement including, amongst other things, restrictions on the director's ability as an option holder to participate in new issues of shares of common stock (where a new issue is offered to existing holders of the Company's shares of common stock) where it relates to the shares of common stock the subject of the option and restrictions in relation to the amendment or modification of the terms of the options (unless such amendment or modification is made to comply with the ASX Listing Rules or unless otherwise permitted by the ASX Listing Rule or by a waiver granted by the ASX).
- i) *Adjustment of shares of common stock:* If the number of the Company's outstanding shares of common stock is changed or the value of the Company's shares of common stock are otherwise affected by the occurrence of certain specified corporate actions, then the maximum number and class of shares of common stock or type of security reserved for issuance and the exercise price and number and class of shares of common stock or type of security subject to the relevant option grant will, subject to any required action by the Board of Directors or the Company's stockholders and subject to compliance with, and to the extent permitted by, all "Applicable Laws" (as defined in the Option Agreement), be proportionately adjusted or adjusted in such manner as the Company's Compensation Committee determines to be equitably required, provided that fractions of a share of common stock will not be issued. In this respect, where the ASX Listing Rules apply, the Compensation Committee will make such adjustments as are necessary and in accordance with the ASX Listing Rules to the number, class, or type of shares of common stock or securities that are subject to the option grant or the exercise price and such other adjustments as are appropriate in the discretion of the Compensation Committee and in accordance with the ASX Listing Rules. Such adjustments may provide for the elimination of fractional shares that may otherwise be subject to the option grant without any payment therefor.
- j) *Minimum number of shares of common stock:* The option granted to each non-executive director under the Option Agreement may be exercised on multiple occasions during the option term, however the Company may impose a minimum number of shares of common stock in respect of which the option may be exercised at any one time.

Table of Contents

- k) *Change in control*: In the event that the Company is subject to a change of control (as that term is defined in the Option Agreement), any unvested portion of the relevant option outstanding as of immediately prior to the change in control will vest in full as of the change in control.

RSU Agreements

- a) *Grant Price*: There is no consideration payable for the grant of the RSUs.
- b) *Vesting Conditions*: The relevant vesting conditions for the RSUs (which are entirely time based) are set out in Table 1 above in respect of each non-executive director (as applicable). The Company will issue to the non-executive director shares of common stock (or CDIs) on or as soon as administratively practical (and within 20 business days in accordance with the terms of the RSU Agreement) following the relevant vesting date of the RSUs.
- c) *Lapsing on cessation as a director*: If a non-executive director's continuous service as a non-executive director of the Company terminates for any reason, all unvested RSUs will be forfeited to the Company, and all rights of the non-executive director to such RSUs will immediately terminate without payment of any consideration to the non-executive director.
- d) *Adjustment of shares of common stock*: If the number of the Company's outstanding shares of common stock is changed or the value of the Company's shares of common stock are otherwise affected by the occurrence of certain specified corporate actions, then the maximum number and class of shares of common stock or type of security reserved for issuance under an RSU will, subject to any required action by the Board of Directors or the Company's stockholders and subject to compliance with, and to the extent permitted by, all "Applicable Laws" (as defined in the RSU Agreement), be proportionately adjusted or adjusted in such manner as the Company's Compensation Committee determines to be equitably required, provided that fractions of a share of common stock will not be issued. In this respect, where the ASX Listing Rules apply, the Compensation Committee will make such adjustments as are necessary and in accordance with the ASX Listing Rules to the number, class or type of shares of common stock or securities that are subject to the RSU grant and such other adjustments as are appropriate in the discretion of the Compensation Committee and in accordance with the ASX Listing Rules. Such adjustments may provide for the elimination of fractional shares that may otherwise be subject to RSU grants without any payment therefor.
- e) *Change in control*: In the event that the Company is subject to a change of control (as that term is defined in the RSU Agreement), any unvested portion of the relevant RSUs outstanding as of immediately prior to the change in control will vest in full as of the change in control.

Certain US Federal Income Tax Consequences

The following is a brief summary of certain of the US federal income tax consequences of certain transactions under the NED Security Agreements based on US federal income tax laws in effect. This summary, which is presented for the information of stockholders considering how to vote on this Proposal and not for award grantees, is not intended to be complete and does not describe federal taxes other than income taxes, such as Medicare and Social Security taxes, state taxes, local taxes, or foreign taxes.

There are generally no US income tax consequences for the Company or the option holder upon the grant of a non-statutory stock option. In general, when a non-statutory stock option is exercised, the recipient will recognize ordinary income equal to the excess of the fair market value of the shares of common stock for which the option is exercised on the date of exercise over the aggregate exercise price. Upon the sale of shares of common stock acquired from exercising an option, the recipient will realize a capital gain (or loss) equal to the difference between the proceeds received and the fair market value of the shares of common stock on the date of exercise. The capital gain (or loss) will be a long-term capital gain (or loss) if the participant held the shares of common stock for more than a year after the exercise of the option, or otherwise a short-term capital gain (or loss).

[Table of Contents](#)

RSUs will not have US tax consequences for the Company or the recipient at the time of grant. Income will be realized when the awards vest. At that time, the recipient will realize ordinary income equal to the fair market value of the shares of common stock issued to them. Upon the sale of shares of common stock received in settlement of RSUs, the recipient will realize a capital gain or loss equal to the difference between the sale proceeds and income previously realized with respect to the shares of common stock. The capital gain (or loss) will be a long-term capital gain (or loss) if the recipient held the shares of common stock for more than one year after realizing income attributable to the shares of common stock, or otherwise a short-term capital gain (or loss).

To the extent that an award recipient recognizes ordinary income in the circumstances described above, the Company or the subsidiary for which they perform services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an “excess parachute payment” within the meaning of Section 280G of the U.S. Internal Revenue Code of 1986, as amended (“Code”) and is not disallowed by the US\$1 million limitation on certain executive compensation under Section 162(m) of the Code.]

Information required under ASX Listing Rules 10.11 and 10.13

For the purposes of ASX Listing Rules 10.11 and 10.13, the following information is provided:

- *(ASX Listing Rule 10.13.1)*: The NED Securities are proposed to be granted to certain of the Company’s non-executive directors, namely Mr. Louis Panaccio, Professor Suzanne Crowe, Mr. Jeremy Curnock Cook, and Ms. Jan Stern Reed.
- *(ASX Listing Rule 10.13.2)*: Each of Mr. Louis Panaccio, Professor Suzanne Crowe, Mr. Jeremy Curnock Cook, and Ms. Jan Stern Reed are directors of the Company, and therefore fall into the category under ASX Listing Rule 10.11.1.
- *(ASX Listing Rule 10.13.3)*: The class of securities to be issued to each relevant non-executive director are set out above. The number of NED Securities to be issued will be calculated on the date of grant in accordance with the formulae set out above.
- *(ASX Listing Rule 10.13.4)*: The securities proposed to be granted under Proposal No’s 4 – 7 (inclusive) are the NED Securities, comprising RSUs and options to acquire fully paid shares of common stock (which each relevant non-executive director may elect to receive as CDIs, where five CDIs are equal to one share of common stock except in the case of a cashless exercise of an option). The material terms of the NED Securities are set out above.
- *(ASX Listing Rule 10.13.5)*: Any NED Securities to be granted to the relevant non-executive directors, if approved under Proposal No’s 4 – 7, will be granted on the date of the Annual Meeting or shortly thereafter (and no later than one month after the date of the Annual Meeting).
- *(ASX Listing Rule 10.13.6)*: The Company will receive no form of consideration for the grant of the RSUs (or for the common stock (or CDIs) to be issued upon the vesting of the RSUs or the options). In relation to the options, once vested, the relevant non-executive director will be required to pay the exercise price for the number of shares of common stock of the Company (which may be represented as CDIs) that the director requests be issued under the option. The exercise price payable for each share of common stock to be issued under the option will be the closing price of the Company’s shares of common stock on NASDAQ on the date on which the option is granted. For example, if the option was granted on October 4, 2022 (United States), the exercise price for each share of common stock to be issued under the option would be US\$5.36, being the closing price of the Company’s shares of common stock on NASDAQ on October 4, 2022 (United States). Where a non-executive director elects to receive CDIs instead of shares of common stock, the total exercise price will remain the same however the non-executive director will receive five CDIs for each share of common stock that the director would have otherwise received.

Table of Contents

- *(ASX Listing Rule 10.13.7)*: As noted above, the purpose of the proposed grant of the NED Securities is to promote ownership in the Company by the relevant non-executive directors and to align their interests with stockholders by linking part of their compensation to the long-term success of the Company and its financial performance.
- *(ASX Listing Rule 10.13.8)*: The details of each relevant non-executive director's current total remuneration package (in US dollars) is set out below.
- *(ASX Listing Rule 10.13.9)*: The NED Securities are proposed to be granted in accordance with the terms and conditions of the NED Security Agreements. The material terms of the NED Security Agreements are set out above.

Non-Executive Director's Current Total Remuneration Table (in U.S. dollars):

Recommendation

The Board (other than Mr. Louis Panaccio, who abstains given his personal interest in Proposal No. 4) recommends that stockholders vote "FOR" Proposal No. 4.

The Board (other than Professor Suzanne Crowe, who abstains given her personal interest in Proposal No. 5) recommends that stockholders vote "FOR" Proposal No. 5.

The Board (other than Mr. Jeremy Curnock Cook, who abstains given his personal interest in Proposal No. 6) recommends that stockholders vote "FOR" Proposal No. 6.

Accordingly, if only some of Proposal No's 4 – 7 are approved by stockholders, those Proposals that are approved will remain valid even if certain of Proposal No's 4 – 7 are not approved by stockholders. If this occurs, those non-executive directors who have the grant of NED Securities to them approved will be entitled to be granted those NED Securities whereas those non-executive directors who do not have the grant of NED Securities to them approved will not be entitled to be granted those NED Securities.

The Company will disregard any votes cast in favor of:

- Proposal No. 4 by on or behalf of Mr. Panaccio and any other person who will obtain a material benefit as a result of the issue of the securities under Proposal No. 4 (except a benefit solely by reason of being a holder of the Company's shares of common stock (or CDI(s)) or their associates;

Proposal No. 8

APPROVAL OF THE GRANT OF OPTIONS TO MR. JAMES CORBETT, PRESIDENT AND CEO OF THE COMPANY

Background

Mr. James Corbett was appointed as the Company's President and CEO effective as of September 28, 2022 (United States) / September 29, 2022 (Australia) ("Appointment Date"). Mr. Corbett entered into an employment agreement with the Company effective as of the Appointment Date ("Employment Agreement"), under which it was agreed that the Company would issue an initial grant of options to Mr. Corbett equal in value to US\$1,000,000, with an effective grant date of the Appointment Date, subject to the approval of the Company's stockholders.

Proposal No. 8 seeks the approval of stockholders under ASX Listing Rule 10.11 for the issue of the initial grant of options to acquire shares of common stock (or, if so elected, CDIs) of the Company to Mr. Corbett ("CEO Options") on the terms and conditions of an option agreement ("Option Agreement") to be entered into between Mr. Corbett and the Company, the proposed terms of which are set out below. Each option on vesting and payment of the applicable exercise price by Mr. Corbett (being the closing price of the Company's shares of common stock on NASDAQ on the date on which the options are deemed to have been granted, being the Appointment Date) will entitle Mr. Corbett to be issued one fully paid share of common stock of the Company. Mr. Corbett may (except where a cashless exercise program is implemented in respect of the relevant option) elect to acquire CDIs in place of common stock of the Company with five CDIs being equal to one share of common stock of the Company.

If stockholder approval is obtained, the CEO Options will be issued under and subject to the terms of the Option Agreement, with an effective grant date of the Appointment Date. If stockholder approval is not obtained, the CEO Options will not be issued to Mr. Corbett.

ASX Listing Rules 10.11 and 10.12

The requirement to seek stockholder approval for the issue of the CEO Options is contained in ASX Listing Rule 10.11. ASX Listing Rule 10.11 provides that a company must not, subject to specified exceptions, issue or agree to issue any equity securities to a related party, which includes a director, without stockholder approval.

The exceptions to ASX Listing Rule 10.11 are set out in ASX Listing Rule 10.12. Relevantly, Exception 11 of ASX Listing Rule 10.12 provides that an agreement to issue securities that is conditional on the holders of the company's ordinary securities approving the issue under ASX Listing Rule 10.11 before the issue is made is excepted from ASX Listing Rule 10.11 (on the condition that the company does not issue the securities without such approval).

The Company's agreement to issue the CEO Options to Mr. Corbett under the Employment Agreement falls within Exception 11 of ASX Listing Rule 10.12, because under the terms of that agreement the issue of the CEO Options is subject to the Company obtaining stockholder approval. Accordingly, the Company must obtain stockholder approval for the issue of the CEO Options under ASX Listing Rule 10.11 and the Company must not issue the CEO Options without such stockholder approval.

If stockholder approval in relation to this Proposal No. 8 is received, approval is not required under ASX Listing Rule 7.1 and the subsequent issue of the shares of common stock (or CDIs) the subject of the CEO Options will not be counted towards the Company's 15% placement capacity restriction set out in ASX Listing Rule 7.1.

Reasons for the grant of the CEO Options

As noted above, Mr. Corbett was appointed as the Company's President and CEO effective from September 28, 2022. The Board approved the grant of the CEO Options to Mr. Corbett (subject to stockholder approval) in order to incentivize Mr. Corbett in his new role as President and CEO of the Company and to promote the alignment of Mr. Corbett's interests with the Company's stockholders.

Number of CEO Options and vesting conditions

Set out below are details of the CEO Options proposed to be issued to Mr. Corbett if approved by stockholders under this Proposal No. 8.

Number of CEO Options to be issued

Options to acquire shares of common stock⁽¹⁾ equal in value to US\$1,000,000 (as at the date of grant, being the Appointment Date).

The number of CEO Options to be granted to Mr. Corbett under this Proposal No. 8 is 226,296 CEO Options, being calculated by dividing US\$1,000,000 by the value of the CEO Options, which was determined using a conventional Black-Scholes Pricing Model ("BSPM") (see further details below)

Vesting schedule

Tenure based—the CEO Options will vest on an annual basis over four years in equal instalments, subject to Mr. Corbett continuing to be employed with the Company, and may then be exercised (subject to the payment by Mr. Corbett of the exercise price)⁽²⁾ with an expiration date of ten years from the grant date (being the Appointment Date)

Vesting date schedule

Year 1: September 28, 2023 (United States) / September 29, 2023 (Australia) (25% of the CEO Options, being 56,574 CEO Options)

Year 2: September 28, 2024 (United States) / September 29, 2024 (Australia) (25% of the CEO Options, being 56,574 CEO Options)

Year 3: September 28, 2025 (United States) / September 29, 2025 (Australia) (25% of the CEO Options, being 56,574 CEO Options)

Year 4: September 28, 2026 (United States) / September 29, 2026 (Australia) (25% of the CEO Options, being 56,574 CEO Options)

⁽¹⁾ Note: Mr. Corbett may elect to acquire CDIs in place of common stock, where five CDIs are equal to one share of common stock

⁽²⁾ Note: The exercise price payable for each share of common stock to be issued upon exercise of each CEO Option will be US \$5.64, being the closing price of the Company's shares of common stock on NASDAQ on the date on which the CEO Options are to be treated as granted (being the Appointment Date).

Black-Scholes Pricing Model

As noted above, the number of CEO Options to be granted to Mr. Corbett under this Proposal No. 8 will be 226,296 CEO Options. This was calculated by dividing the awarded amount of \$1,000,000 USD by the grant date fair value of the CEO Options using the Black-Scholes model as of the grant date (being the Appointment date).

Material terms of the Option Agreement

Set out below is a summary of the principal terms of the Option Agreement.

Option Agreement

- a) *Grant Price:* There is no consideration payable for the grant of the CEO Options.
- b) *Exercise Price:* As noted above, the exercise price payable for each share of common stock to be issued under each CEO Option will be US\$5.64, being the closing price of the Company's shares of common stock on NASDAQ on the date on which the CEO Options are to be treated as granted, being the Appointment Date.
- c) *Method of payment of Exercise Price:* Mr. Corbett may pay the applicable exercise price by personal check (or readily available funds), wire transfer, cashier's check or by consideration received by the Company pursuant to a broker-assisted cashless exercise program implemented by the "Administrator" under the Option Agreement. Under a cashless exercise, also known as a same-day sale, a broker would facilitate the exercise of CEO Options by Mr. Corbett so that Mr. Corbett may exercise CEO Options without making an upfront purchase of shares. Mr. Corbett would exercise the CEO Options, and then immediately sell enough shares of common stock to repay the broker and cover any associated taxes and costs with the transaction. Mr. Corbett would then retain the net number of shares of common stock.
- d) *Shares of common stock (and not CDIs) issued under a cashless exercise:* Where a cashless exercise program is implemented, only shares of common stock (and not CDIs) may be issued to Mr. Corbett.
- e) *Vesting Conditions:* The relevant vesting conditions for the CEO Options are set out in the above table. Once a CEO Option has vested it may be exercised at any time during the option term applicable to it.
- f) *Option term:* The CEO Options will expire at the close of business at the Company's headquarters on the applicable expiration date (being 10 years from the grant date of the CEO Option, with the grant date being treated as the Appointment date), unless the Option Agreement terminates earlier in connection with Mr. Corbett no longer serving as an employee of the Company or in the event of a change of control.
- g) *Lapsing on cessation as CEO:* If Mr. Corbett ceases to be an employee of the Company prior to the relevant expiration date of the CEO Option (other than for cause), the unvested portion of Mr. Corbett's CEO Options will automatically expire on the date that Mr. Corbett ceases to be an employee of the Company, and the vested portion of Mr. Corbett's CEO Options will remain outstanding and exercisable for the following periods (unless otherwise determined by the Company's Compensation Committee): (i) three months following termination for any reason other than cause, disability or death; (ii) six months following a termination due to disability; and (iii) 12 months following the date of Mr. Corbett's death, if he dies while an employee of the Company or during the period provided in (i) or (ii).

If Mr. Corbett ceases to be an employee of the Company prior to the relevant expiration date of the CEO Option due to being terminated for cause, the CEO Option will terminate and be forfeited immediately upon Mr. Corbett's termination, and Mr. Corbett will be prohibited from exercising any portion (including any vested portion) of the CEO Option on or after the date of termination. If Mr. Corbett's employment with the Company is suspended pending an investigation as to whether he will be terminated for cause, all of Mr. Corbett's rights under the CEO Option, including the right to exercise any vested CEO Options, will be suspended during the investigation period.
- h) *Subject to the ASX Listing Rules:* While the Company is subject to the ASX Listing Rules, there are additional restrictions that will apply to Mr. Corbett under the terms of the Option Agreement including, amongst other things, restrictions on Mr. Corbett's ability as an option holder to participate in new issues of shares of common stock (where a new issue is offered to existing holders of the

Table of Contents

Company's shares of common stock) where it relates to the shares of common stock the subject of the CEO Option and restrictions in relation to the amendment or modification of the terms of the CEO Options (unless such amendment or modification is made to comply with the ASX Listing Rules or unless otherwise permitted by the ASX Listing Rule or by a waiver granted by the ASX).

- i) *Adjustment of shares of common stock:* If the number of the Company's outstanding shares of common stock is changed or the value of the Company's shares of common stock are otherwise affected by the occurrence of certain specified corporate actions, then the maximum number and class of shares of common stock or type of security reserved for issuance and the exercise price and number and class of shares of common stock or type of security subject to the CEO Option grant will, subject to any required action by the Board of Directors or the Company's stockholders and subject to compliance with, and to the extent permitted by, all "Applicable Laws" (as defined in the Option Agreement), be proportionately adjusted or adjusted in such manner as the Company's Compensation Committee determines to be equitably required, provided that fractions of a share of common stock will not be issued. In this respect, where the ASX Listing Rules apply, the Compensation Committee will make such adjustments as are necessary and in accordance with the ASX Listing Rules to the number, class or type of shares of common stock or securities that are subject to the CEO Option grant or the exercise price and such other adjustments as are appropriate in the discretion of the Compensation Committee and in accordance with the ASX Listing Rules. Such adjustments may provide for the elimination of fractional shares that may otherwise be subject to the option grant without any payment therefore.
- j) *Minimum number of shares of common stock:* The CEO Options granted to Mr. Corbett under the Option Agreement may be exercised on multiple occasions during the option term, however the Company may impose a minimum number of shares of common stock in respect of which the CEO Options may be exercised at any one time.
- k) *Change in control:* In the event that the Company is subject to a change of control (as that term is defined in the Option Agreement), any unvested portion of the relevant CEO Options outstanding as of immediately prior to the change in control will vest in full as of the change in control.

Certain US Federal Income Tax Consequences

The following is a brief summary of certain of the US federal income tax consequences of certain transactions under the Option Agreement based on US federal income tax laws in effect. This summary, which is presented for the information of stockholders considering how to vote on this Proposal and not for the award grantee, is not intended to be complete and does not describe federal taxes other than income taxes, such as Medicare and Social Security taxes, state taxes, local taxes, or foreign taxes.

There are generally no US income tax consequences for the Company or the option holder upon the grant of a non-statutory stock option. In general, when a non-statutory stock option is exercised, the recipient will recognize ordinary income equal to the excess of the fair market value of the shares of common stock for which the option is exercised on the date of exercise over the aggregate exercise price. Upon the sale of shares of common stock acquired from exercising an option, the recipient will realize a capital gain (or loss) equal to the difference between the proceeds received and the fair market value of the shares of common stock on the date of exercise. The capital gain (or loss) will be a long-term capital gain (or loss) if the participant held the shares of common stock for more than a year after the exercise of the option, or otherwise a short-term capital gain (or loss).

To the extent that an award recipient recognizes ordinary income in the circumstances described above, the Company or the subsidiary for which they perform services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Code and is not disallowed by the US\$1 million limitation on certain executive compensation under Section 162(m) of the Code.

The exercise price payable for each share of common stock to be issued upon exercise of each CEO Option will be US\$5.64, being the closing price of the Company's shares of common stock at close of trading on NASDAQ on the date on which the CEO Options were granted (being the Appointment Date). If Mr. Corbett elects to receive CDIs instead of shares of common stock, the total exercise price will remain the same however Mr. Corbett will receive five CDIs for each share of common stock that Mr. Corbett would have otherwise received.

ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT UNDER “EXECUTIVE COMPENSATION”

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) provides stockholders with the opportunity to vote, on an advisory basis, to approve the Company’s compensation policies. The Board of Directors believes that the Company’s compensation policies and procedures are aligned with the long-term interests of stockholders. As described in detail under the Executive Compensation discussion section in the Annual Report on Form 10-KT, which was filed with the SEC and ASX on February 28, 2022 (United States) / March 1, 2022 (Australia) (the “10-KT”) and provided in this Proxy Statement, we believe that our compensation program is designed to support our long-term business strategies and creation of stockholder value by emphasizing long-term alignment with our stockholders and pay-for-performance. You are encouraged to read the Executive Compensation discussion contained herein for additional details on our executive compensation, including our philosophy and objectives and the 2021 compensation of our named executive officers. This non-binding advisory “say-on-pay” vote gives you as a stockholder the opportunity to endorse our executive compensation program through the following resolution:

“RESOLVED, that the compensation paid to the Company’s named executive officers as disclosed pursuant to Item 402 of Regulation S-K, including the Executive Compensation discussion, compensation tables and narrative discussion contained in our Annual Report on Form 10-KT and this Proxy Statement is hereby APPROVED.”

Our Board of Directors recommends a vote “FOR” the advisory approval of the compensation of our named executive officers as disclosed in our Annual Report on Form 10-KT and herein under the heading “Executive Compensation.”

Vote Required

Non-binding, advisory approval of the advisory proposal on the compensation of our named executive officers as disclosed in the “Executive Compensation” discussion section in the Annual Report on the Form 10-KT and in this Proxy Statement requires the affirmative vote of a majority of the votes cast by the Company’s stockholders present in person or represented by proxy at the Annual Meeting and entitled to vote thereon.
